Coleman Notes

L. M. Perkins left on Sunday for Vancouver where he will work in the E. T. bank.

Coleman will give a monster celebration here on Thursday next, Coronation Day.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by dealers everywhere.

Flags were flying half mast here on Sunday in honor of S. H. C. Miner who died at Granby. Mr. Miner was the first president of International Coal & Coke Co. in which he was one of the principle shareholders.

G. G. Meikle, editor of the Michel Reporter, was in town last week for the purpose of ascertaining from the business people their feeling towards the introduction of a new weekly in Coleman. We wish him success.

Mayor Cameron was elected deputy district Grand Master of the A. F. & A. M. at the session of the grand lodge recently held at Banff. The Mayor and W. Johnston attended the grand lodge as delegates from Coleman.

A. M. Morrison left on the "flyer" early Sunday morning en route to Newmarket, Ont., where he will be married to Miss Jessie Alcock. The wedding will take place on the 20th inst. Before returning to Coleman, the happy party will make a complete tour of Ontario and will spend some time in the States. Both Mr. Morrison and Miss Alcock are well known around Coleman. They will reside on the hill about one block east of the Anglican church.

The statement of wages presented to the board of arbitration here on Saturday last by general manager Whiteside, of the International Coal & Coke Co., show a very high average of earning by the miners employed by his company. One contract man, had earned \$2,533 during the past year while during that time the very lowest earned by any contract man was \$864.34. The average daily wages received by all employees during the year were \$8.75 and the mine was operated 280.6 days. It can be plainly seen that the wages paid out to all the miners and other employees of the I. C. & C. Co. are considerably larger than those received by men working at many of the big coal mines in British Columbia, and shows that the International Coal & Coke Co. pay their miners and these engaged at outside work as big, if not bigger, wages than any other coal mine in the West.

Will Stop at Frank

One hundred members of the Spokane chamber of commerce will celebrate "American Day" at the Dominion Exposition in Calgary, on July 4, the special train over the Spokane International road leaving Spokane at 1 o'clock on the afternoon of July 1, and returning the morning of July 5. R. J. Maclean, secretary of the chamber, and local officials of the Canadian Pacific Railway company will have charge of the excursion. The party will pass an entire day in the Canadian National Park at Banff and part of a day at Field to visit Lake Louise. Stops will be made at Fernie, Frank, Macleod, Bonner's Ferry and several other points.

Ice cream and refreshments will be served on the veranda or the inside of the Rocky Mountain Sanatorium every Wednesday and Sunday.

Happenings in and Around Frank

E. Disney was down from Coleman on Monday.

F. J. Hayes, vice-president of the U. M. W. of A., came to town on Tuesday.

Mayor Cameron of Coleman was registered at the Rocky Mountain Sanatorium on Sunday.

Mr. and Mrs. J. H. Farmer intend going East next week on a visit to friends where they will remain for several weeks.

The members of the board of conciliation arrived in town on Monday and are now holding their sessions in the Miners' hall.

H. P. Robbins, of Chicago and R. W. Johnson, of Ottumwa, Iowa, are in town in connection with the installation of some mine machinery at Hillcrest.

Mrs. E. A. Goodrich, wife of Constable Goodrich, arrived from Hantsburg, England, on Friday last. Mrs. Goodrich is daughter Rev. I. Langshaw, rector of Silchester, Eng.

Mr. Caldwell of the North-West Amusement Co., which showed at Blairmore on Thursday, Friday and Saturday of last week, is in the hospital here suffering from a slight attack of pneumonia.

Rev. W. T. Young preached his first sermon before a Frank congregation on Sunday evening last. A large crowd was present and all enjoyed the able discourse of this young and promising clergyman.

The Union Bank of Canada on Tuesday purchased from the Frank Realty Co. the building now occupied by the former together with the lot. This is one of the first big things done by J. M. Windsor, the newly appointed manager.

Mrs. W. J. McGowan entertained the members of the Ladies' Aid of Knox Methodist church, on Thursday afternoon of last week, it being the first anniversary of the Society. Strawberries and cream were served, followed by cake, tea and bonbons. All the members were present and spent a very pleasant afternoon.

Fraser & Sinclair put a gang of men at work on Monday on the construction of a sidewalk from the corner of Eighth street and British Columbia avenue to the Rocky Mountain Sanatorium. The sidewalk is being well built and will be a great convenience for the crowds of pedestrians who journey to the new sanatorium.

Amongst those who have registered at the Rocky Mountain Sanatorium this week are: Lewis Stockett, of Hosmer, B. C.; W. R. Wilson, A. J. Carter, D. V. Mott, and W. A. Pearson, of Fernie; Rev. Dr. Gordon, of Winnipeg; J. D. McNeven, of Ottawa; Colin Macleod and E. Heathcote, of Macleod; J. T. Stirling, of Edmonton; J. M. Mackie, of Montreal; R. W. Johnson, of Ottumwa, Iowa, and H. P. Robbins of Chicago.

The Maurice Tilley hotel at the sulphur springs between Frank and Blairmore, known as the Rocky Mountain Sanatorium, now has the waters piped into the bathrooms of the hotel. The water is pumped to a reservoir on the hillside and comes into the build under pressure. It is the intention of the management to build this summer a separate bath house, with a big plunge and private baths adjoining. The hotel is modern in every respect and

Cowley Notes

W. C. Robinson is busy canvassing the district as a "census man," and many interesting facts and figures, true and otherwise, respecting ages, etc., are being revealed.

Our Anglican pastor, met with a painful accident on Sunday which will incapacitate him for his labors for some time. While driving over his mission he received an upset and sustained several injuries.

A mare belonging to one of our local ranchers recently gave birth to twin colts, which we believe is an occurrence rare, if not unprecedented in Alberta. The sire was one of the recent importations of J. C. Drewry.

Josiah Kean contemplates erecting a large two-story block on Main Street on the corner where his present store stands. The new building will be occupied as a fruit and confectionery store, while the old building will be removed to another lot and used as a doctor's office and surgery.

Melvor Bros. will shortly commence the erection of their two story addition, which promises to equal any block in town in size and layout. Part of the store will be utilized as a drug store. Mr. Melvor, who is a new arrival in town, is a certificated druggist, and will fill a long felt want in the district.

The new Union Bank at Cowley is nearing completion and it is hoped the officials will be able to move into their elaborate quarters on Saturday. The building is one of the finest bank buildings in southern Alberta, and speaks volumes for the faith held in the future of Cowley by the heads of this financial institution. Externally, the building has a magnificent and commanding appearance, being two stories and with a large concrete basement. A large brick vault is built at the rear. The fixtures are of the finest manufactured in the Dominion. The upstairs apartments are well laid out and furnished, and nothing whatever has been left undone that would tend towards the comforts and convenience of the manager and his staff.

June Rod and Gun

The most interesting portion of the fine story of the trip to Hudson's Bay via the Albany River by W. J. Malou appears in the June issue of Rod and Gun in Canada, published by W. J. Taylor Limited, Woodstock, Ontario. The trip was quite an adventurous one and is written in a spirit of thorough appreciation of the beauties and allurements enjoyed by one able to go so far from the beaten track. A paper on Game Law Violators who commit offences in one province and escape punishment by going to another, raises a question that will have to be settled sooner or later and which, in the interests of the game, should be settled with undue delay.

Calgary Exhibition

The Calgary Industrial Exhibition Co. have during the past few years issued some very attractive banners advertising their exhibition. Many will remember the banner of 1908 depicting "Another Trail Out." The banner issued this year is considered by many as the best banner yet published by this company. It shows a cow-boy on the range who has suddenly sighted an aeroplane in the air, and he immediately endeavors to show his ability by throwing his lariat which is shown as just having circled the head of the aviator. It is a two color lithograph, and shows the name of the Exhibition and date, June 30th to July 7th, very prominently. As long as they last copies may be had on application to E. L. Richardson, Victoria Park, Calgary.

guests may be assured of the best accommodations. The rates are very reasonable.—Fernie Free Press.

Secret Societies

The value of secret and fraternal organizations to individuals and communities is far more realized at the present day than at any other time since the founding of the Masonic order, the oldest of any in existence. A true brotherly spirit prevails amongst the several secret societies of The Pass, which include A. F. & A. M., L. O. A., I. O. O. F., C. O. of F., K. of P., F. O. E., I. O. F. and D. of R. These organizations have in their rituals, teachings that have been important factors in the educational and moral development of the people, and have in their memberships persons who are united in purpose and who believe that right hurts no man.

Last week there died at the Frank hospital, F. B. Jackson, of Emerson, Man. Mr. Jackson was away from home and relatives but not away from friends—he was an Odd Fellow. Before his death, the Odd Fellows visited him and rendered some aid. After he had died, the I. O. O. F. took care of the body, saw that it was properly prepared for burial and tenderly placed it on the train en route to Manitoba. Some time ago a man by the name of W. H. Evans, of Diamond City, Wash., died at the old sanatorium. He, too, was away from home and relatives but the Odd Fellows, of which the deceased was a member, took charge of the funeral, and on Sunday last, when Blairmore Lodge, No. 68, I. O. O. F., held their memorial service, the brethren paraded to the Protestant cemetery where they decorated the grave of the late Bro. Evans. Two or three months ago, Mr. Munro died at the Frank hospital, and although thousands of miles from home and kin, the I. O. O. F. took care of their deceased brother and gave him a respectable burial. These are only a few of the kind deeds which are so often performed by the secret societies of our towns.

Our secret orders are ably officered, have a numerical strength that insures perpetuity and stand as beacon lights along the rock-ribbed coasts, thus directing many a tempest-tossed mariner into the harbor of safety. That The Pass should be unusually well represented by a large number of orders such as have been long established here, is not at all surprising when the character of the citizens is considered.

Crowded Out

A long editorial article bearing on the present deadlock between the coal operators and miners of this district, and with some reference to the Springfield strike which is crowded out of this week's issue will appear in our next.

Editorial Notes

Carrie Nation is dead. The

news comes like a bolt from the blue to thousands of temperance workers.

And so Mr. — doesn't like some of the things he reads in this newspaper? Neither do we. But he is at liberty to pick out what he doesn't like and leave the rest for some one who is less fastidious. Does he know what they call the man who sat down at a first-class dinner, and beginning at the first item on the bill of fare tried to eat every dish mentioned thereon? This newspaper presents a varied bill of fare every week, but there is no law compelling you to devour every portion of it. Just put aside what you don't relish and say nothing about it. And don't swear at the editor. It's both wicked and foolish.

John Herron, M. P., is just as changeable as the weather. One day he swears that the proposed agreement between Canada and the United States would bring everlasting ruin on this fair dominion and declares that he is strongly opposed to it, and the next day that sunny face will return and John tells the farmers that he believes reciprocity would be all right for them and promises to support the reciprocity pact.

Quite a number of men are at work in cleaning up the rubbish along the C. P. R. track and depot. Most of our householders have cleaned up their back yards but there are a few which are still untouched and we are afraid that some cellars have not been cleaned out this year. This latter is a grave mistake. The wilting and decaying fruits and vegetables that are in the house cellar may cause sickness and a doctor's bill that will eat up a year's profit. Better clean them out.

Whenever the country newspapers find foreigners invading the field of the home merchants with goods and merchandise and selling them to the miners, they are asked to arise and whack the intruders and advise the miners to buy goods off the home merchants. And when foreign printing houses send their representatives among the merchants, real estate and other business men, many of these same merchants give them their orders and get inferior work for the money. That's reciprocity. It was a beautiful rain we had on Tuesday.

Here and There

A general election may be held in Canada, in September. The government has no wish to go to the country but may be forced to do so by the opposition.

A. E. Bingham, wanted on a charge of falsifying accounts, and of thereby, it is alleged, robbing the Northern Crown bank, at Macleod, of \$6,000, was arrested in Winnipeg on Friday last. He is being taken back to Calgary to stand trial.

Carrie Nation, who for many years has been known as the Kansas saloon smasher, and whose fame came from her famous hatchet with which she smashed bottles and barrels in saloons in different parts of the States, died at Lavenworth, Kan., on Friday night last.

"It cured me" or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine is in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by dealers everywhere.

Bruce on Socialism

"Labor unions organize workingmen who are taught by Socialist leaders that their employers are their enemies and exploiters and the doctrine of give as little for as much as possible is steadily preached to the workmen who, so far as interest in their work or solicitude for their employers' interests go, are merely automatons. That sense of responsibility which makes for pride in one's work and a desire for excellence has been completely undermined in workmen by the pernicious class hating teachings of demagogic socialism.

"Seldom is a workman seen who takes genuine pride in his work. Unionism has lumped him with the competent and incompetent. It makes no distinction between the good, bad or indifferent. To unionism all workmen look alike. Any man calling himself a printer, a carpenter or a plumber may join a union and no matter how many times he may be fired for incompetency, so long as his dues are paid, his membership will stand. A printer who does not know enough about his work to pile old horseshoes in a blacksmith shop is put by unionism upon exactly the same plane as the artist-compo who depends not upon the slim certificate of merit contained in a union card, but upon the skill of his hands and the training of his brain, to prove his mastery of his craft. Yet the blacksmith's helper calling himself a printer may demand exactly the same wages as the artist. Why then should the artist printer care? His own craft refuses to recognize merit. It reduces him and all his kind to the dead level of mediocrity. The boss cannot afford to pay him the difference in his value over the incompetents because the competent men have to make up to the employer his loss on the overpaid incompetents.

"So personal responsibility and pride in workmanship are being slowly throttled by the socialist unionism of this city and I believe that socialists are generally seeking to control labor unions as the most feasible route to power and graft."—L. C. Saturday Sunset.

The invitation extended to the Westminster footballers, Lethbridge, to play at Blairmore on Dominion Day, has been replied to, and arrangements are being made to give the Lethbridge eleven a big reception.

Happenings in and Around Blairmore

A. H. Knight, of Lundbreck, spent Sunday in town.

Miss L. Timmerlake arrived from England on Sunday morning.

T. S. Kennedy returned from Macleod on Monday evening where he had been visiting relatives.

F. Pendergrast returned from Sundstone on Sunday morning. He went north again on Wednesday.

Mrs. J. B. Reuter returned to Lethbridge on Monday morning after spending a few days with friends here.

F. M. Pinkney left on Wednesday for New Westminster and Vancouver. He will return via of Calgary.

C. Dellis reports that quite a large number of our citizens have recently subscribed to the News Telegram of Calgary.

PICKED UP.—Between Frank and Blairmore, a Yale lock key, No. 6084. Owner can have same by calling at the ENTERPRISE office.

PICKED UP.—In Blairmore, on Saturday last, a lady's watch. Owner may have same by paying for this ad, and proving property from Archie McLeod.

The Blairmore senior football team have received an invitation to visit Macleod on Thursday or Friday of next week. The invitation will be accepted.

H. M. Budd, representing the Rocky Mountain Cement Co., arrived in town from Princeton on Saturday morning and left same evening for New York.

W. A. Beebe returned to town on Tuesday morning. Mr. Beebe attended the rose carnival at Portland, Oregon, and reports having a most pleasant and delightful time.

The Blairmore baseball boys can certainly play the game. They are right there with the goods every time. Success to them and may the good work continue.

MARRIED.—At the home of W. Harrison, on Monday evening last, by the Rev. J. F. Hunter, Mr. Frederick Garnet Rapley to Miss Louise Timmerlake, of Helmslew, Middlesex, England.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This liniment is not only prompt and effectual, but in no way disagreeable to use. Sold by dealers everywhere.

Bert Welsh, of the North-West Amusement Co., who remained in town for a day or so attending to Nanton Caldwell who is at present in the hospital with a slight attack of pneumonia, left for Macleod on Monday evening.

That the Daughters of Rebekah are to become a stranger factor in Blairmore is evidenced in the fact that our local aspirant, C. Dellis, has been besieged with applications from ladies who desire to become recognized in society.

Services will be conducted at the Presbyterian church Sunday next at 11 a.m. and 7:30 p.m. Sunday school at 2 p.m. Morning subject, "Priceless things." Evening subject, "The Christian Church—its useful members." All are welcome. Pastor A. S. Todd, 2 D.

Gilroy and Rose have disposed of their barber business to J. Harmon, formerly of Holland, Man., but more recently of Antler, Sask. Mr. and Mrs. Harmon arrived in town on Saturday evening and Mr. Harmon took charge of the Unique Barber shop on Monday morning.

An enjoyable surprise party was given at the home of Arthur Cheshire on Monday night, attended by about twenty couples. Games, etc., were indulged in till all voices were quelled by the bounteous supply of cake and fruit, which came along at midnight, after which all dispersed. The event was occasioned through the proposed departure of Mr. and

NOTICE TO CREDITORS

IN THE ESTATE OF THE DECEASED OF RICHARD STEVENSON late of the village of Frank, in the Province of Alberta, Hotel keeper, deceased.

NOTICE IS HEREBY GIVEN that all persons having claims against the late Richard Stevenson who died on or about the 15th day of July, 1911, and who is now deceased, in the Province of Alberta, are requested on or before the 15th day of August, 1911, to present to Mary Steveson at Calgary in the Province of Alberta, their claims in writing and a statement of their accounts and the nature of the claims. If any claimant fails to do so, the executor of the late Richard Stevenson shall be liable for the claims of the creditors of the late Richard Stevenson who shall be verified by Statutory Declaration of the claimant, or his agent.

AND TAKE NOTICE that after the 15th day of July, 1911, the said administrator will proceed to distribute the assets of the said deceased amongst the persons entitled thereto, having regard only to the claims of which she shall then have had notice, and will not be liable for the claims of any person thereof to any person of whose claim she shall not then have received notice.

The large opera house is becoming more and more a great centre of attraction as the days go by, and numbers of willing investors are continually visiting that large and new structure.

The Blairmore tennis courts have been completed and are now in use. They are in splendid condition and look well. Salt has been sprinkled very freely over the courts for the purpose of destroying the ants and to give better surface to those enclosed spaces.

"Fatty" Caldwell, the big man at the Northwest Amusement Co. show during their stay here last week, was feeling unwell on Saturday when the show was prepared to leave and he therefore decided to remain behind until he gets rid of a slight cold. He is at the hospital at Frank.

The complete and official plans of the brewery to be erected by the Blairmore Brewing & Malting Company, Limited, have just been placed in the hands of the directors and may be seen at Archie McLeod's office. The plans show that the building will be up-to-date, will be three stories, will cover a large area and have a very imposing appearance.

A party of geological surveyors are at work in this vicinity making surveys and taking photographs of this district. The survey takes in Coleman, Blairmore, Frank, Hillcrest, Bellevue and Lillie, and includes an area of 220 square miles. W. H. Boyd, chief of the topographical division of Canada is in charge of the survey and has with him camping at the west end of Blairmore, B. R. MacKay, D. A. Nichols and H. E. Haultain.

W. M. Wetmore has purchased the flour and feed business of W. W. Wolstenholme. He has just received large shipments of flour, hay, oats, etc., and reports business as being good. Mr. Wetmore was formerly in the employ of the Crows Nest Pass Hardware Co. from which he resigned a week or so ago to go in business for himself. His business place is on Ninth avenue, between Victoria and State streets. See his ad elsewhere in this issue.

Rev. A. J. Lang, of Passburg, conducted services in the Presbyterian church here on Sunday last. The reverend gentleman is an able speaker, and those who heard his masterful sermons here on Sunday last must have been favorably impressed with the splendid manner in which he handled his important subjects. Rev. Mr. Lang is a gentleman of fair means and although he devotes his whole time to the work of the church, he refuses to accept any salary therefrom. Mr. Lang was for many years engaged in the newspaper work but from practical experience we refuse to believe that he acquired his wealth from that source.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by dealers everywhere.

WE REPAIR WEAK MEN

ONE SECRET OF OUR SUCCESS. Every man submitted to us receives the personal attention of our Medical Staff, who consider the symptoms, complications and chronicity, and then decide as to the disease and curability. Specific remedies are then prescribed for the case and are compounded by our own chemists in our own laboratory. Such appropriate treatment caused full recovery, as special patients are selected to cure the symptoms that trouble you. We have no cure-all medicines like most specialists use who send the same medicine to all patients alike and cure none. We have treated patients throughout Canada for over twenty years and can refer to any bank as to our responsibility. We Guarantee Cures or No Pay. We Treat All Diseases of Men and Women.

Matching For a Dog

It Seemed the Only Way to Determine Its Ownership

By F. A. MITCHEL.

Copyright by American Press Association, 1911.

A boy of seven on being told to write a story about a dog wrote it as follows:

I love Shep, and Shep loves me. That was all there was of the compulsion.

Shep was a collie dog, and a very intelligent one. The only other one I have ever known of equal size was a human being and a brute was between my pointer fox and myself.

I used Rex for hunting woodcock. How I did love that dog and how he did love me! Why in the world he couldn't speak to me I don't know.

He could talk with his eyes, though not with his tongue. Many a conversation I have had with him, I speaking with my voice, he with his eyes.

Rex was stolen from me, and I didn't see him again for several years.

One October I was hunting in an other field. I had possessed other dogs

"GIVE HIM, PLEASE."

than Rex, but did not get attached to any of them, and often would hunt without one. This was the case with me on this autumn morning. As I walked through a wood, kicking up dead leaves—a favorite amusement of mine—I heard some animal bounding toward me, and through the bushes between the trees came a dog, recognized Rex at once. He ran to me, put his fore paws on my shoulder, and as if he cried for joy he did. As for me, I put my arms around his neck and I'm not sure but my eyes, too, were wet.

The next thing I was conscious of was looking at a very pretty girl with a big hat on her head, a pair of gauntlets on her hands and a whip such as ladies use when walking out with a dog. I lifted Rex up to her shoulders and my hat but my head.

There was fire in the girl's eye which my defiance did not allay.

"What's the matter with my dog?" she snapped, laying great stress on the word "my."

"Your dog?"

"Yes, my dog. Whose else should it be?"

"Mine."

What a laugh came out of that pretty throat! It wasn't really a laugh, but an expression of anger, contempt, irony, derision. I confess I was a bit nettled by it.

"You say I dog is yours," I said, trying to speak pleasantly. "If he is yours he will follow his mistress. Call him, please."

"Jack! Come here, Jack! Do you hear me?"

Rex looked at her and wagged his tail, but did not move.

"You don't ever know the dog's name," I said. Then, moving away, I called, "Come, Rex," and he bounded after me. But I noticed that he was looking back at his mistress. After moving some twenty paces I stopped.

If ever there was a mad girl that one was.

"How dare you try to steal my dog?" she snapped viciously.

"Steal your dog? I don't need to steal your dog. He knows his master and follows him."

"Jack! Come here," she stamped her little foot in a vain attempt to enforce obedience.

"Let me have your whip," I said. "I'll see if I can drive him back to you."

"I don't see how you can," I replied, "unless I go with you."

"That's the plan," she said, much pleased. "You go with me, and I'll chain him to my knee."

"Are you sure you won't chain me too?"

"How ridiculous," she said, for she had chained already, but I wasn't locked for a year afterward, when my matching plan, as I really intended it, was carried out and the dog passed into our united possession. All of which was nice for the dog, nice for the girl and really delightful for me. I often regret my own pet stupidity in not having understood my double meaning on our first meeting, whereupon she says she saw through the whole thing.

And I'm not quite sure but she did.

"He isn't a brute; he's a human animal."
"And should be treated as a human animal. His affections should not be interfered with."
"Nor my affections either."
"He should be permitted to dwell with the one he loves best."
"This was a thrust that didn't suit her," "You mean," she said, "that he should live with the one who loves him best?"
"Very brightly turned, but woman's logic conclusion based on no premise. It seems to me this is a triangular affair."
"She opened her eyes, as if wondering what that could be."
"You love the dog; I love the dog. The dog loves you and loves me. One leg of the triangle is missing."
"Which leg? What leg?"
"The one between you and me. There is love between you and the dog, and love between me and the dog, but none whatever between you and me."
"I should think not!"
"I represented a smile. 'Well,' I said, 'what are we going to do about it?'"
"I bought Jack-Jack, I say. He is not Rex," she called him, at all I bought Jack-Jack for \$10 and he's my dog."
"I didn't get the \$10."
"That's nothing to me."
"I'll match you for him."
"Now, while by matching her for the dog I meant to play at heads and tails with a coin, she was so pretty, so feminine in her bursts of impotent anger, that in my heart I intended to convey the impression that I wouldn't mind settling the ownership of the dog by a union of claimants."
"What do you mean by matching for him?" she asked.
"I took two coins from my pocket and gave her one, laid the other covered on the back of my hand and asked her to show one side of the coin I had given her. She showed the 'heads.' I uncovered my coin, and it was 'tails.'"
"The dog is mine," I said.
"Again she bristled."
"You were to match me and failed," I added.
"Well, I declare!"
"She could not evidently find words to express her horror and contempt at my taking such an advantage of her. She tossed the coin at me viciously, but I caught it."
"That method of deciding the matter between us doesn't seem to please you."
"I should say not. Besides, there's nothing to decide. The dog belongs to me."
"But how are you to prevent his going home with me? You saw that I couldn't drive him away."
"This was a stunner. She made no reply. She was evidently trying to think of a way out of it."
"You will tire yourself standing," I said. "Won't you be seated on this log?"
"I thank you."
"Then you will pardon me for sitting while you stand. I'm very tired, and I see no way of coming to an agreement."
"I sat down, took a pipe from my pocket and proceeded to fill it, asking if she would mind my smoking. She did not reply, and since silence gives consent I lit the pipe.
"I suppose," she said presently, "I'll have to pay you for the dog. It's very mean of you, but I will sell it."
"Then what in the world are we going to do?"
"I think we'd better have a conference."
"We seem to be having one, a very long and disagreeable one."
"If you will sit down and talk reasonably I believe we can come to a satisfactory agreement."
She looked a long while at the log and finally sat down on it, her eyes fixed on the clouds, "What do you propose?"
"What do you propose?"
"I proposed a smoke, but you didn't appear to like that," she said.
"It's perfectly absurd."
"Nevertheless, I'm quite resolved that I shall not smoke by that pipe."
She thought for some time while I read what she was thinking in the expression of her face. By watching she would have an equal chance of winning the dog. If refusing she would surely lose him, for he would go with me. I put out the pipe again.
"I don't see how you can," I said. "Best two in three."
"She sat looking straight ahead of her, not deigning to notice the coin I had laid out on the log for her. Glancing at it, I saw 'heads' was up. I cried 'tails!' Then, examining her eyes and mine, I told her she had won. But she wouldn't leave me. She was too keen to take some interest in the proceedings. I took care that she should win again and told her the dog was her property.
"How dare you try to steal my dog?" she snapped viciously.
"Steal your dog? I don't need to steal your dog. He knows his master and follows him."
"Jack! Come here," she stamped her little foot in a vain attempt to enforce obedience.
"Let me have your whip," I said. "I'll see if I can drive him back to you."

He isn't a brute; he's a human animal.

And should be treated as a human animal. His affections should not be interfered with.

Nor my affections either.

He should be permitted to dwell with the one he loves best.

This was a thrust that didn't suit her.

You mean, she said, that he should live with the one who loves him best?

Very brightly turned, but woman's logic conclusion based on no premise.

It seems to me this is a triangular affair.

She opened her eyes, as if wondering what that could be.

You love the dog; I love the dog. The dog loves you and loves me.

One leg of the triangle is missing.

Which leg? What leg?

The one between you and me.

There is love between you and the dog, and love between me and the dog, but none whatever between you and me.

I represented a smile.

Well, I said, what are we going to do about it?

SOLID PETROLEUM.

Movement on Foot to Convert Canadian Crude Oil.

Little attention has been directed to the recent discoveries of petroleum in the Northwest.

In fact, the London, Eng., journal contains the first detailed accounts to the effect that the oil is not only of good quality, but also of considerable importance.

It appears that in the Stony Creek field in New Brunswick, there is a district where a number of wells have recently been brought in, each with a daily capacity of 40 barrels, and the total flow of gas from all the wells on that field is estimated at 40,000 cubic feet per day.

Contracts have been entered into with the city of Moncton to supply power for the lighting of the city, for fuel, gas, and for the proposed new tramway. The distance to Moncton is only ten miles.

In Alberta, the oil is of a different kind, but now exhausted deposit of asphalt, which looks like coal, but is really congealed oil, produced one of the first yields of kerosene. There are other important minerals in the district, but the new oil is the most valuable.

It is one of the ironies of public life that a man is, at times, forced to assume a position for which he seems to be little qualified.

But in Mr. Haldane's new sphere of labor he will certainly find nothing uncongenial. For his is pre-eminently the type of mind to which a second chamber appeals.

He has all the judicial mind attitude, all the reflective capacity, all the tempered enthusiasm for the British Constitution, and all the make the ideal peer. Ever since the outbreak of the Boer War there have been speculations as to which

the Right Hon. E. B. Haldane, Secretary for War, a Viscount. To be a member of a Cabinet pledged to a curtailment, which, in the opinion of many, well-informed politicians, will practically amount to an abolition of the Peerage.

Yet, on the other hand, the same time, to have accepted a peerage; to be a strong, though never blatant, militant, to be a warm, personable friend of Mr. Balfour, and an official colleague of Mr. Lloyd-George, has been the lot of few.

But it has been Mr. Haldane's. It is one of the ironies of public life that a man is, at times, forced to assume a position for which he seems to be little qualified.

Blairmore Wins From Fernie—Score 11-4

The Blairmore baseball team journeyed to Fernie on the 11th instant to play a return game with the stars of South-Eastern British Columbia. On arriving at Fernie, the citizens of that city were not a bit slow in telling to all around that they were out to win. They had a league pitcher from Spokane, also a second base man from Victoria who made things look a little shaky for Blairmore on account of Dells and Lewis being unable to roll out of bed in time to catch the 10 o'clock train. By the way, it is hoped that the next game we have to play out of town, there won't be any circus here on the previous night to keep those two youths out so late as to not be able to get up the next morning. However, Blairmore won the game by a score of 11-4.

Manager Adamson sizing up the situation was heard to say “The larger the game the harder they fall,” and they did fall hard, which was quite noticeable in the way “Con” Whelan got in fighting position several times.

Fernie's Spokane pitcher was an artist without a doubt, but our boys were able to beat him any pace or time they wanted to.

Benson met with a slight accident in the fifth inning, being hit with a pitched ball which made him stumble for a few moments. Blairmore boys played a good game and only made two errors. The line up was as follows:

BLAIRMORE	Ran
P. Olson	0
C. F. Smith	1
R. E. Ingman	1
S. S. Adamson	2
S. S. Hozan	4
B. B. Poulson	1
B. B. Smith	1
L. F. Hughes	1
C. Benson	0
	11

R. M. Brisco refereed the game. The players returned home on the evening train. This is the second time that they have played Fernie and have beaten them both times.

Northwest Amusement Co

The Northwest Amusement Co. which showed here for three whole days of last week—Thursday, Friday and Saturday—served as a great attraction to thousands of people of The Pass. It was the first circus or big amusement of its kind that has ever shown in Blairmore, and so pleased were the visitors with their stay here and so delighted were the crowds of spectators with the performances given that a return visit would be welcomed. There were about 150 people in the company, and all did their parts in a manner that brought forth prolonged applause from the thousands that attended.

A Second Chicago

Five applications have been made for wholesale liquor licenses in Blairmore. That's going some, and even beating Pincher Creek, Lethbridge or Calgary where there is such a large consumption of booze.

F. M. Thompson, of Lille, left on Wednesday for the Pacific coast. He will visit Vancouver, Ladysmith, Iduberry and return next week via Calgary.

A Distinguished Personage

MONS. A. WICART

President of the West Canadian Collieries, who was recently in The Pass and who spent about two weeks looking over his large interests at Blairmore, Lille and Bellevue. Besides being president of and one of the largest shareholders in the West Canadian Collieries, Mons. Wicart is councillor of commerce in the French cabinet, is a multi-millionaire, the head of a large linen manufactory, late judge of the commercial court of Lille, France, president of Western Canada Farm Lands Co., and a coal baron of France. Mons. Wicart was accompanied here by M. Mettrier, chief engineer of the French government, manager of the mining school at Donia, France, and consulting engineer of the West Canadian Collieries. Mons. Mettrier has been honored with Chevalier de la “Legion d'Honneur,” the highest decoration in France and given only to prominent men. Mons. A. Ghesquier, secretary of the West Canadian Collieries also accompanied the president to The Pass.

WILL BE A GREAT BOON TO THIS DISTRICT

The purchase of the Alberta Pacific Railway by J. J. Hill has unquestionably created a feeling of satisfaction amongst those of our citizens who have coal properties at the South Fork. It has just been given out by reliable parties including some of the high officials of the Great Northern Railway, that this company will start actual construction of the line this summer.

The route map provides for a line north and south from Pincher Creek, connecting with the main line up the Grand Trunk Pacific to the north and with the trunk line of the Great Northern at the south. The charter also gives power for a number of branch lines.

The Alberta Pacific railway will be built through some of the most valuable coal lands at the South Fork and will give this rich coal district such a sudden impetus that has never yet been experienced by any part of this golden West. The building of the Alberta

Many New Towns-- Beaver Creek Townsite

The rapidity with which new towns spring up in this lately settled golden west and the success which attends the industries ones who so wisely come to this land of promise and golden opportunities is surprising in the extreme. Within the next six months over two hundred new towns will be added to this fair Dominion. The latest town in this district is Beaver Creek.

Beaver Creek is fifteen miles south-west of Pincher Creek and about fourteen miles south of Cowley. It is in the midst of some of the richest farm lands in Alberta. It has opened up a coal mine where already one hundred and forty hardy black diamond diggers are engaged in mining some of the riches of that promising town.

E. A. Elliott and H. E. Lyon have recently purchased a quarter of land which lays directly between the two coal mines and which has just been subdivided and put on the market. Quite a number of shrewd and wide-awake persons have already purchased several lots and many have decided to commence immediately the erection of large business houses and neat and beautiful dwellings. The Kootenay & Alberta Railway Co., have several hundred men and teams at work on the construction of a railroad from Beaver Creek to Pincher station. The railroad will be completed by September when a large influx of desirable citizens into Beaver Creek will take place.

Those vast coal deposits at Beaver Creek are controlled by the Western Coal & Coke Co., capitalized at fourteen million dollars. Besides those rich coal lands, Beaver Creek has a saw mill, ranching and farming are carried on to a large extent with a considerable degree of success. Coke ovens will be built this fall and it is more than likely that other industries will immediately follow.

Was He a Blairmore Man?

Apparently the Mexican revolution and earthquake has had so much influence on some Westminister lacrosse enthusiasts that he collected change from the gatekeepers at Queens park last evening on a Mexican dollar at the full face value, whereas it is not worth more than 50 cents at the outside.—Daily News, New Westminster.

A Narrow Escape

On Tuesday afternoon, Harry Seyen borrowed Thomas Cyr's best team of horses to haul some lime from the kilns to the former's new dwelling house near the cement works, and when attempting to ford the Old Man river near the lime kilns, the team got taken off their feet by the swift flowing water, and came very near being drowned. It was with great difficulty and considerable risk that the horses were safely landed on the south bank of the river.

Pacific railway will not only be a boon to the South Fork country, but it will greatly benefit the many towns of The Pass and will bring about a boom that has yet been unprecedented. The progress in the construction of the Alberta Pacific railway will be closely observed by many throughout this district who are anxiously awaiting the time when the great iron horse will be carrying to the marts of commerce the rich products of the valuable South Fork district.

Well Known Clergyman Hangs Himself

Rev. H. S. Magee, associate secretary of the Temperance and Moral Reform department of the Methodist church of Canada and who was well known throughout the whole of this Dominion, hanged himself at Elmira, N. Y., on Thursday of last week. He was in the sanatorium there suffering from neurasthenia.
